FOR IMMEDIATE RELEASE

Boxer[®] Adds to Worldwide Distributor Network

Winn, Mich. (August 16, 2016) – Boxer[®], manufactured by Morbark, LLC, recently added five new companies to its worldwide Boxer distributor network:

- Advantage Rental and Sales, with two locations: in Seaville, N.J., and Marmora, N.J.
- Barton Tractor, located in Butler, Pa.
- Capitol Equipment, located in Sherwood, Ark.
- Project Equipment LTD, located in Winnipeg, Manitoba, Canada
- Wando Power Equipment Company, Inc., located in Charleston, S.C.

Bold Hawaii and Parker Sales & Marketing have signed Manufacturer's Representative Agreements with Morbark to promote the Boxer line. Bold Hawaii will recruit sales to rental companies throughout Hawaii and Guam; while Parker Sales & Marketing's area of responsibility covers Florida.

"Our Boxer distributor network continues to grow and expand around the country and even around the world," said Mark Rau, Morbark Director of Dealer Support. "We want to ensure that the companies we partner with will provide the high-quality customer service that people expect from the Boxer and Morbark names, so that we have the industry's best customer support, delivered locally by knowledgeable local distributors who will help our customers succeed."

About Boxer Equipment:

Boxer Equipment has five model series available: the new X7 chipper, the 100 series dedicated trencher and the 300, 500 and now 900 series compact utility loaders, built to handle a full complement of more than 50 universal attachments. The Boxer's standard quick-attach system enables the user to quickly and easily switch from a bucket to forks to auger or other tools for optimum on-the-job flexibility and bottom line performance. A feature unique to the Boxer 500 series is its variable-width, rubber track undercarriage, which allows the units to enter through gates as narrow as three feet wide. For complete Boxer Equipment product information, go to www.boxerequipment.com.

About Morbark:

Morbark, LLC, based in Winn, Mich., has been innovating and manufacturing durable, high-performance equipment for the forestry, recycling, tree care, sawmill and biomass markets for nearly 60 years. Morbark equipment helps customers harvest, process and convert wood and other organic waste materials into valuable, useful and profitable products. The company produces a full line of whole tree and waste wood chippers, flails, brush chippers, horizontal and tub grinders, sawmill equipment, material handling systems and more.
